Married to Robert Langley  
Children: Warren 30, Karen Browning 40

BA from CU, MA from UNM  
Retired from teaching elementary grades in 2002, taught for 34 years in APS in Albuquerque, taught 4 years in California.

Tucumcari High School and class and classmates of 1957 are some of the memories I have treasured for 50 years!!

After graduating, I went to the University of Colorado in Boulder receiving a BA degree in 1961. Three sorority sisters and I went to San Francisco. They had teaching jobs, but I worked for an advertising firm on Market Street downtown San Francisco for six months. When all my roommates were going home for Christmas, I decided teaching couldn't be all that bad. I taught in Marin County for two years and in Sunny vale, CA for two years.

After getting married, I lived in the Washington, DC area. I was a part-time assistant manager for our apartment complex. I promise you, I learned more about the "lessons of life" doing this than in any class. Karen was born May 23, 1966. After divorcing, I brought Karen back to New Mexico.

Robert Langley and I were in line registering for Graduate School at UNM. I told him I made really good spaghetti! He called! We married November 23, 1973. I also received my MA degree from UNM. After teaching for Albuquerque Public Schools for 34 years, I retired in 2002.

Our son Warren was born June 19, 1976. Warren is a computer software engineer for Sandia Lab. Warren and Michelle have two girls – Shaylen (5) and Mia (2) and are expecting our first grandson in July.

Karen is a part-time Physical Therapist and a full-time MOM! Karen and Kurt have three girls – Cassidy (14), Carly (11) and Kate (7).

These granddaughters are our "Pride & Joy" – and now, we can add a BOY!!
